

Yoni Sisso

Full Stack Web Developer

Summary

I am a self-taught web developer. After discovering my passion for web development, I couldn't get enough. I regularly create websites and web applications for my own portfolio, keep sharpening the saw, always thirsty for more knowledge and looking to be up to date with technology. I am looking forward to bringing that passion to a full-time role.

Projects

- Crwn Shop Project** ➤
A full-stack e-commerce web application similar to Shopify using React, Redux, React Hooks, React Router, Redux-Saga, Firebase and Stripe API. Created with: ReactJS, Redux, HTML, SCSS, Firebase.
